Come to our Fall Meeting and reconnect with members and friends. Find out what PPS has planned for the coming months. Get involved with committees that interest you!

Susan and Harry Watkins, owners of Campania, have graciously invited PPS to come see their showroom. Open to the trade only, they provide moulding and framing services to the region's finest artists and galleries.

Our featured speaker is **Veronica Kallqvist'davila**, who is a specialist in framing pastels. With an art degree from UNC-G, she is an accomplished professional artist. Her sculptures and oil paintings are featured in major galleries in the area. For our group, Veronica will demonstrate various framing solutions with a couple of unframed pastel paintings. Learn what works and what doesn't work for your own paintings.
